PHILLIPS PARK

Built in 1978, this cornerstone property in the PBA portfolio underwent a substantial interior and exterior upgrade in 2019 and as a result, it remains a stand-out property. The use of corten steel creates a unique and unified look across all four buildings that make up this property.

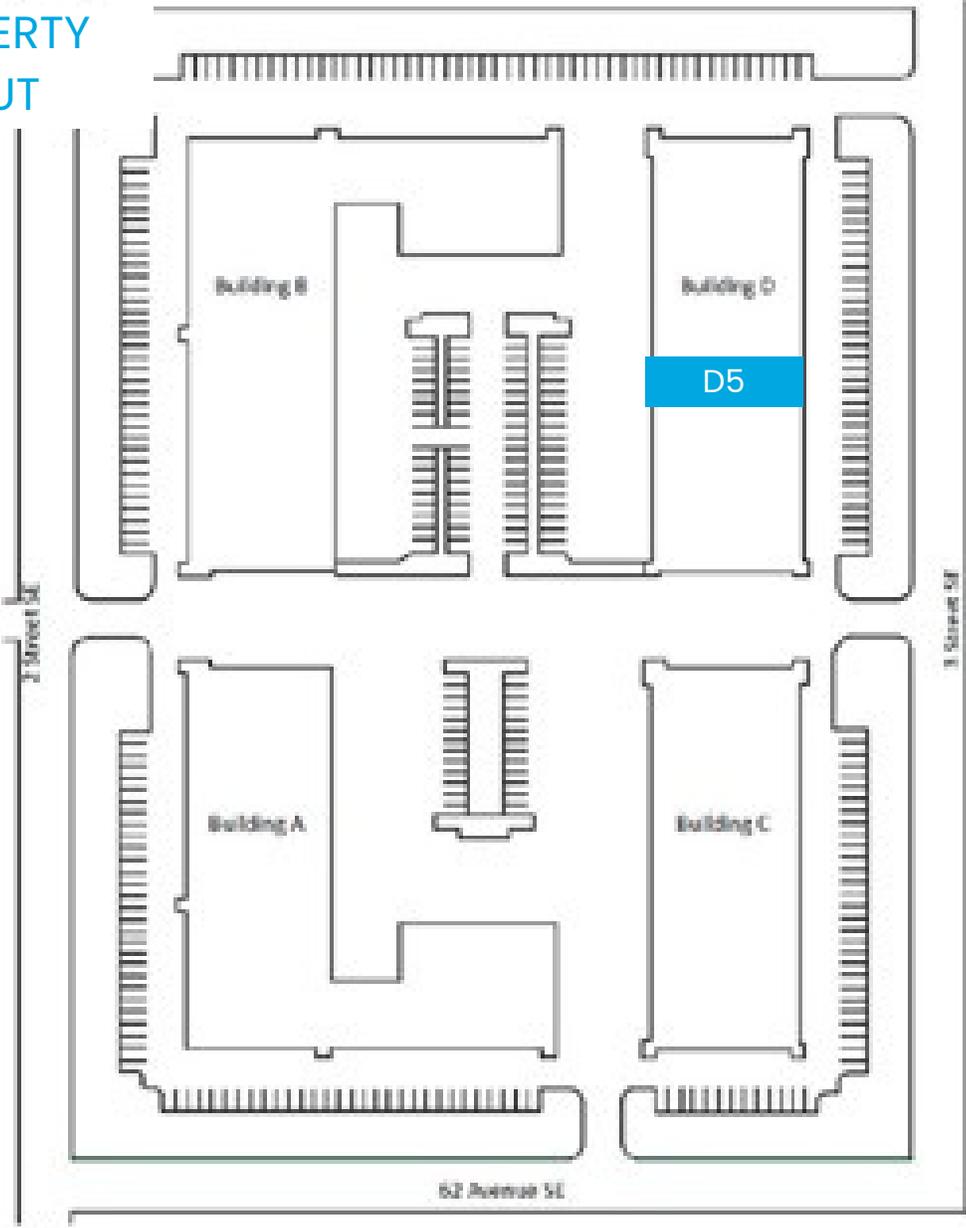

The tenant base at Phillips Park is a mix of office, industrial, and retail users, many of whom have been in the complex for over three decades.
